

Kudumbashree-Revamping of Official Website

Kudumbashree State Mission intends to revamp its official website to enhance user experience, accessibility, and alignment with the latest design and security standards. The proposed revamp aims to make the portal more dynamic, mobile-responsive, and user-friendly, with updated features for effective communication and integration with various digital platforms.

The detailed Process Flow document is attached herewith.

ANNEXURE A:

Existing Modules:

❖ Home

The screenshot shows the Kudumbashree website home page. At the top, there is a header with navigation links (English, বাংলা, Support) and a search bar. Below the header, a green banner displays various statistics: PMAY (1,32,327), NHM (2,56,227), NULM (60,159), ODO-OKY (1,17,247), NRD (20), SVEP (40,187), and ATAMPADY (9,433). The main content area features a large banner for the Kudumbashree Awards, showing a total of 42,995 awards and 2,26,267 beneficiaries. Below this, there is a section for 'Featured News' with three articles: 'Athirampuzha all set for the Arangu 2025; Organizing Committ...', 'Kudumbashree Technology Advancement Programme (K-TAP): Five...', and 'Twelfth Kudumbashree National Saras Mela concluded at Kozhik...'. The bottom section includes 'Leadership' with three profiles and 'Featured Links' with a grid of links such as Farm Livelihoods, Publications, Tenders, Markets, Newsletter, Careers, Enterprises, Magazine, Internships, Statistics, Presentations, People, Graphs, Knowledge Portal, and Contact. The website also features a 'More Links' sidebar with options like Special Stories, Van Shri Ykka Kendra, Kudumbashree Day, Awards list, Plan Progress, Data on Kudumbashree, Awards and, EIT's Page, Govt. Orders, and Kerala Chicken.

Requirement1:

Each and every items in every block can be changed by admin. Admin can insert some more rows like featured news in the HOME page

Requirement 2:

DATA COLLECTION TABLE (MONITORING TABLE)

The Admin can create different types of tables for monitoring data from the field level. Currently, this feature is available only at the district level. We need to extend this functionality to the Block level and CDS level as well.

The Admin can create, edit, or delete any number of customized tables and assign the level from which the data will be collected— District level ,Block level and CDS level.
