

# **KERALA STATE ROAD TRANSPORT CORPORATION - DEVELOPMENT OF CORPORATE WEBSITE**

KSRTC is one of the age-old state-run transport corporations in India , with headquarters in Trivandrum . KSRTC is one of the largest public sector undertakings under the Government of Kerala , having 5400 buses with average daily operating and non-operating incomes of approx. KSRTC would like to revamp its official website using the latest available technology in the market . The website must include , not be limited to , features like motion UI , Push Notifications , AI-Powered Chatbots , Voice Search Optimization , Content Personalization with Machine Learning, and Responsive Websites .
