KSRTC Concession Software cum Mobile Application

KSRTC is one of the age-old state-run transport corporations in India, with headquarters in Trivandrum.KSRTC is one of the largest Public Sector Undertaking under the Government of Kerala, having 5400 buses with an average daily operating and non-operating incomes of approx. KSRTC would like to revamp its Concession software website using the latest available technology in the market. The website must include, not be limited to, features like, Push Notifications, AI-Powered Chatbots, and Voice Search Optimization.
